# **Broomhill Primary School - Pupil Premium Strategy Statement 2024-2027**

This statement details our school's use of pupil premium funding to help improve the attainment of our disadvantaged pupils. It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

#### **School overview**

Detail	Data
	Broomhill Primary School
School name	
Number of pupils in school	67 + (6 Nursery)
Proportion (%) of pupil premium eligible pupils	16.4%
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	2024/25 – 2026/27
Date this statement was published	December 2024
Date on which it will be reviewed	November 2025
Statement authorised by	Richard Bollands
Pupil premium lead	Richard Bollands
Governor / Trustee lead	Craig Priday

## **Funding overview**

Detail	Amount
Pupil premium funding allocation this academic year	£12,860
Recovery premium funding allocation this academic year	£0
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Total budget for this academic year  If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year	£12,860

### Part A: Pupil premium strategy plan

#### Statement of intent

This statement details our school's use of pupil premium (and recovery premium for the 2024 to 2025 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

Pupil premium funding is a national initiative, launched in 2011, designed to raise attainment for all disadvantaged pupils. A pupil is identified as pupil premium if they are eligible for free school meals or have been eligible in the previous six years have been looked after, or are covered by a guardianship or residency order have been adopted from care have a parent serving in the armed forces

'Closing the attainment gap between disadvantaged children and their peers is the greatest challenge facing English schools. The gap is stubborn because its causes are entrenched and complex, and most lie beyond the control of schools and educators. However, it is clear that schools can make a difference. In England, the gap has closed in both primary and secondary schools since the introduction of the Pupil Premium, and in every part of the country schools have demonstrated how great teaching and careful planning can make a huge impact on the outcomes of disadvantaged children.' Education Endowment Foundation —

The EEF Guide to Pupil Premium funding or further details visit:

https://educationendowmentfoundation.org.uk/public/files/Publications/Pupil Premium G uidance iPDF.pdf

Schools are free to spend the Pupil Premium as they see fit, but are accountable for the success of their chosen expenditure. Our aims are to:

- Ensure that teaching and learning opportunities address the needs of all of the pupils.
- Ensure that necessary, challenging provision is made for pupils who belong to vulnerable groups, this includes ensuring that the needs of disadvantaged pupils are appropriately assessed and addressed.
- Recognise that there are disadvantaged pupils who do not qualify for Free School Meals, the Forces Premium or Pupil Premium Plus. We allocate resources to support any group or groups of children we have identified as being disadvantaged or vulnerable.

• Ensure Pupil Premium funding follows identified needs. This may mean that not every child who receives Free School Meals will be in receipt of Pupil Premium funded interventions all of the time.

We have used the Sutton Trust/ EEF toolkit to inform our decisions about the effectiveness of each approach/ intervention. Most of these interventions have a focus on learning; a number have a focus on social and emotional development and there is some focus on the enrichment of the curriculum.

### **Challenges**

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Many of our disadvantaged pupils require regular, short, targeted academic or pastoral interventions in order to support them in keeping up with their peers both in the long and short term.
2	A significant proportion of pupils join our school with delays in speech, language and communication.
3	The behaviour and attendance of children suffering from a range of health, social and emotional difficulties can limit learning. It is difficult to rapidly access support from relevant services to address these issues.
4	Inconsistencies in parental engagement with supporting pupils with learning, increased through home learning fatigue.
5	Lacking cultural capital and low aspirations for future destinations.
6	An increasing number of our pupils are finding challenge in being able to work independently and without additional support from adults.

#### **Intended outcomes**

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Improve reading/phonic skills and knowledge across school, so all pupils (at all levels) have access to appropriate resources and experiences to foster a love of reading, that subsequently impacts on their holistic learning achievements and progress.	Pupils to achieve in line with Non PP national levels in the Phonics screening, academic year 2024/25.
To continue our development as a reading school where reading is taught very well so pupils write widely, often and in different forms	Pupils to achieve in line with Non PP national levels in the KS1 reading assessments, academic year 2024/25.

Improve writing/grammar skills and knowledge across school, so all pupils (at all levels) have access to appropriate resources and experiences to foster a love of writing that subsequently impacts on their holistic learning achievements and progress.	Pupils to achieve in line with Non PP national levels in the Phonics screening, academic year 2024/25.
Provide a range of social and emotional support structures within school to deal with identified concerns related to children as a consequence of the pandemic.	Pupils will develop resilience in their learning and demonstrate a desire to do well and improve.
Ensure parents understand, fully, what they can do to support their child effectively and encourage them to do this consistently.	School and home will work together to ensure that all pupils fulfil their potential and reduce the gap between PP and Non-PP learners.
Cultivate opportunities for enhancing 'cultural capital' through enrichment and experience. To improve aspirations of families so that school and learning is seen as universally important	Pupils will be exposed to broader horizons to foster a desire and reason to learn. No disadvantaged learner will be excluded from any school activity due to financial reasons.
Pupils who are disadvantaged by a range of circumstances will have minimal disruption to their learning.	Improved attendance or continued good attendance of targeted pupils. Incidents and issues at home have limited impact on the children's learning.
The learning of all children will be enhanced by the use of visits and visitors. Visits and visitors will still go ahead if voluntary contributions are inadequate.	All children experience a range of additional experiences to enhance the curriculum. This will be reflected through pupils' responses in coordinator monitoring.
All Year 4 pupils will attend a 3 day residential visit. Children's autonomy, self-awareness and sense of independence are developed, articulated and celebrated in school.	No pupils will miss the visit due to financial difficulties.
Additional adult support will be available in school to support pupils to become more independent.	An increased proportion of pupils will have the skills and attributes to be better prepared to move to their next phase of learning.

## Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

## **Teaching (for example, CPD, recruitment and retention)**

**Budgeted cost: £6,550** 

Activity	Evidence that supports this approach	Challenge number(s) addressed
Additional budgeting for all teaching assistants to attend staff training throughout the year. £2000	Teaching assistant interventions +4 Months.  Moderate impact for moderate cost based on moderate evidence	1,2,3,4,6
Foster a supportive learning environment by incorporating regular feedback and opportunities for self-assessment, allowing pupils to reflect on their learning and set personal goals. CPD for staff £250	Social and emotional learning +3 Months (SEL) interventions seek to improve pupils' decision-making skills, interaction with others and their self-management of emotions, rather than focusing directly on the academic or cognitive elements of learning.	1,,4,6
Staff CPD High quality CPD on developing Broomhill as a reading school £250	High quality staff CPD is essential to follow EEF principles. This is followed up during Staff meetings and INSET. All staff to lead effectively are released once a term  EEF - Effective Professional Development	1,2,3,4,6
Further develop the quality of feedback to pupils so that it has the highest impact on learning outcomes.  Strategies will include;  Teacher CPD on the importance of feedback and on how to give high quality feedback.  Ensuring feedback is specific and focuses on how to improve and recognises achievements.  Next steps and challenges.  Use of live marking  Use of peer feedback	EEF research suggests that effective feedback can add up to an additional 6 months of progress to pupil attainment  https://educationendowmentfoundation.or g. uk/education-evidence/teaching-learning-to olkit/feedback	1,3,6
Replace the previous phonics program with the purchase of the "Little Wandle" system recommended to the school by the Local Authority EFS consultant and the English Hub.	Quality phonics program +5 Month  Phonics has a positive impact overall with very extensive evidence and is an important component in the development of early reading skills, particularly for children from disadvantaged backgrounds.	1,2,4,6

£3000		
To accelerate progress and attainment in reading across all year groups and develop pupil independence and a love of reading. Strategies will include;  Embedding the use of Whole Class Reading / Story Telling in KS1 and KS2.  Accelerated reader used in lower KS2  Pupils read ability appropriate texts and all levels are personalised.  Disadvantaged pupils a focus during these sessions.	Improved reading skills for pupils +6 Months. Reading comprehension strategies focus on the learners' understanding of written text. Pupils learn a range of techniques which enable them to comprehend the meaning of what they read. These can include: inferring meaning from context; summarising or identifying key points; using graphic or semantic organisers; developing questioning strategies; and monitoring their own comprehension and then identifying and resolving difficulties for themselves (see also metacognition and self-regulation). These skills can be applied across the curriculum	1-6

# Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £3,500

Activity	Evidence that supports this approach	Challenge number(s) addressed
Lexia reading intervention programme. Have sufficient licences for the reading interventions program to ensure all children who are behind in their reading have access to it  f Trial this year	Lexia is an evidence based resource with a proven track record of accelerating children's progress in reading. It provides individualised learning tasks specific to a pupils strength and weakness across phonics, word reading and comprehension.	1,2,,4,5,6
Employ TA's to deliver Little Wandle intervention sessions in addition to targeted additional reading, writing and SPAG sessions. Delivered in small group work £3,500	Small group tuition + 4 Months EEF evidence demonstrates the impact of small group tuition as an effective method in accelerating progress rates in focused areas of learning.	1,2,3,4,6

# Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £3,700

Activity	Evidence that supports this approach	Challenge number(s) addressed
H of SI trains and supports "Peer Mentors" to deliver low level interventions to peers and younger children who are lacking self esteem, have things that are troubling them or may just be having a bad day. Allows pupils the opportunity to have issues acknowledged and therefore frees pupils to be more focussed on learning afterwards. H of S also runs a nurture group that regularly visits the local care home. £3,700	Many of our pupils, in the long and short term, can face challenging situations that limit their learning. These may include bereavement, family issues and relationship issues.  Social and emotional learning (+ 4 months)  Social and emotional learning (SEL) interventions seek to improve pupils' decision-making skills, interaction with others and their self-management of emotions, rather than focusing directly on the academic or cognitive elements of learning.  EEF - Social and emotional learning	1-6

Total budgeted cost: £13,750

## Part B: Review of outcomes in the previous academic year Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2023 to 2024 academic year.

Our internal assessment data for 2023- 24 shows the performance of disadvantaged pupils was lower than in previous years in many areas of the curriculum, as well as increasing concern for issues related to emotional and physical well-being for those families who are financially disadvantaged.

Our assessment of the reasons for the 2023-24 outcomes highlights the main factor being the discontinuity in teaching caused by the impact of ongoing absence of the previous leadership and other staff, across the full academic year. Our children thrive due to the structure and fidelity of our provision, which is designed to fill the social and emotional gaps many of our children face in their everyday lives. The disruption to school life due to this absence, caused a re-alignment of core values/focus away from academic learning as they learnt to deal with the challenges of change and the unknown in their previously quite stable school routines.

### **Externally provided programmes**

Please include the names of any non-DfE programmes that you purchased in the previous academic year. This will help the Department for Education identify which ones are popular in England

Programme	Provider
PUMA / PIRA	Hodder
LEXIA Core 5	Lexia
Little Wandle	Wandle Learning Trust
Accelerated reader	Renaissance Learning
